Since 2001, Akamai has been providing IT services to the Greater Denver area. We are a local Colorado company servicing businesses with 5-75+ users, by customizing solutions to their specific IT needs and budgets.

WHY CHOOSE AKAMAI

Our consultants are experienced, friendly and always honest with what you need and don't need for your business. We bring our experience, technical knowledge and a touch of the Aloha spirit to your company. Our current business partners say we are more than an IT partner – we provide friendly, affordable, agile solutions and take a vested interest in seeing your company succeed.

Yes! I want worry-free IT!

The response time for fixing issues and addressing concerns has been amazing! It is hard to remember how much down time we had with our previous company because the speed of our computers and network has been that impressive. **I am just sorry it took us so long to find Peter and his team.**
